Trusted.

"We were lacking access to a reliable resource for research. NBC Learn has enabled us to give all students access to a dependable and trusted news source."

Judith Lea
Director Student/Faculty Technology Training Center
Northeast Alabama Community College

Timely.

"NBC Learn provides our faculty and students with easy access to timely current events resources that are engaging, relevant, and dynamic."

Eric Kunnen
Director of Distance Learning
Grand Rapids Community College

Teachable.

"NBC Learn breathes life into the past. The background information is spot-on, and the clips take the experience to the next level. This multimedia resource helps turn my history class into time travel."

David Cupp
Assistant Professor
School of Journalism and Mass Communication
University of North Carolina at Chapel Hill

OR
NBC Learn can also be used directly within Blackboard. NBC Learn integrates seamlessly with Blackboard Learn and lets you embed content directly in your course.
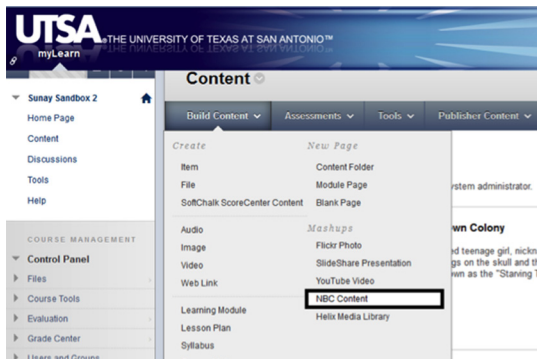

HOW TO USE NBC LEARN WITH BLACKBOARD

1

1. Log in to Blackboard and click on the course you want to add content to.

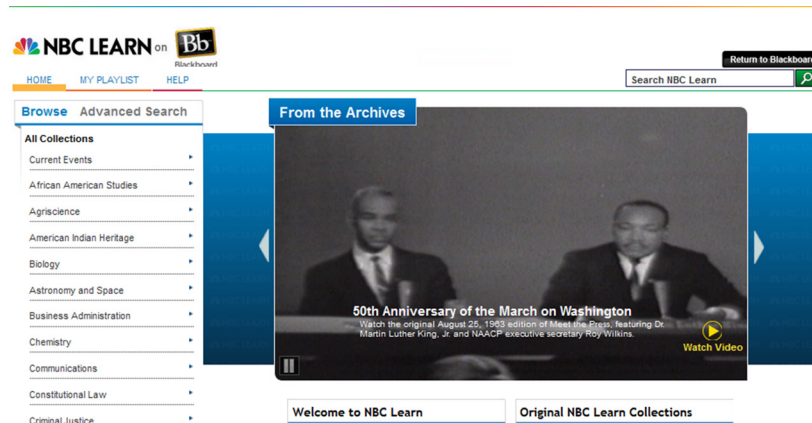

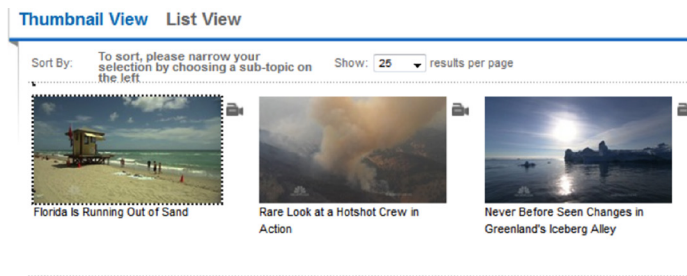

3

3. Your Blackboard course page will be replaced by the NBC Learn website. You can now find a video by either
  a) browsing via the Subject Links on the left-hand side of the page
  - or -
  b) using the Search box on the right-hand side of the page to find items based on keywords.
If you want to return to Blackboard without choosing a video, simply click on the black Return to Blackboard button above the Search Bar.

5

5. Select the video you want to use and click on the Embed button.

2

2. From the Build Content menu, select NBC Content.

4

4. Whichever options you choose will result in videos being displayed with thumbnails and a title for browsing and previewing.

6

6. You will be taken back to Blackboard and the selected video will appear with the corresponding text within you content.
